Product
Filter adapter

Model No.
SR 280-3

Ordering No.
H09-0212

Product Description

The SR 280-3 filter adapter is intended for connecting Sundström's filters to breathing protection devices with EN 148-1 standard thread. The adapter is firmly enclosed and cannot be dismantled. The filter is to be fitted in the adapter first, then the pre-filter and the pre-filter holder. The adapter with the filter fitted is then to be threaded on to the mask.
